A Peek at Our Week

Reading: We will talk about the main idea of informational texts next week. Please have your child turn in their November reading log. Please continue to have your child read 4 times each week in December.

Math: We are finishing up our Multiplication portion of our Multiplication/Division. This week we will focus on looking for "key words" to solve multiplication word problems. We will also practice writing multiplication word problems. We will have a short Multiplication quiz on Thursday, December 3rd. A study guide was sent home today. We will review in class with Jeopardy the day before.

ELA: Next week will be a grammar review week. Please watch for your students grammar review to come home on Thursday. This will show you what they need to study for the quiz on Friday. We will also begin writing our second research paper this week.

Science/SS: We are going to be focusing on measuring capacity this week! We will be working with vials and soaking sponges to help us do this!

From the Teacher's Desk

We will be having our Winter Program on December 17th. We will perform for Grandparents during the day and a family performance at night. An information sheet was sent home last week.

Student council will begin collecting gently used coats during December. Don's cleaners picks them up and delivers them to needy families in the community! There will be a box in the front lobby to collect.

We will be having a class party to ring in the new year on January 15th! Information on how you can help is coming!

WEEKLY HOMEWORK AND TESTS

Day	Homework and Tests
